**Subject:** FYI Digester Project News: "3rd spill in 6 months reported at manure digester"

WI Biogas Development List;

One of the suggestions I got from the list renewal e-mail was for me to collect and share what info I can find on manure piping topic.

When I get a chance, I will try to collect some standards, studies, etc. on the topic for everyone.  
Roger

[3rd spill in 6 months reported at manure digester](#)

Channel3000.com - March 12, 2014

Approximately 35,000 gallons of manure spilled from a broken pipe at a manure digesting facility north of Waunakee Wednesday morning, according to a release.
